

MOVING VAN SIZING GUIDE

Welcome to Man with a Van Croydon!

At Man with a Van Croydon, we understand that moving can be both exciting and daunting. Choosing the right van size is crucial to ensure your belongings are transported safely and efficiently. This guide will help you determine the best van size for your move, making your experience smooth and stress-free.

Van Size Options

1. Small Van (e.g., Ford Transit Connect)

- **Capacity:** Up to 1.5 cubic meters
- **Ideal For:** Studio flats, small one-bedroom apartments, or a few large items.
- **Best Use:** Ideal for quick local moves, small student moves, or picking up furniture from stores.

2. Medium Van (e.g., Luton Van)

- **Capacity:** Up to 10 cubic meters
- **Ideal For:** One to two-bedroom apartments or small house moves.
- **Best Use:** Perfect for transporting larger furniture, appliances, and boxes without multiple trips.

3. Large Van (e.g., Long Wheelbase Van)

- **Capacity:** Up to 15 cubic meters
- **Ideal For:** Two to three-bedroom houses or larger office relocations.
- **Best Use:** Excellent for bulkier items, large furniture sets, and many boxes.

4. Extra-Large Van (e.g., Luton with Tail Lift)

- **Capacity:** Up to 20 cubic meters
- **Ideal For:** Larger family homes or extensive office moves.
- **Best Use:** Suitable for transporting heavy and bulky items, providing easy loading and unloading.

Why Van Size Matters?

Selecting the appropriate van size can save you time and money. An undersized van may require multiple trips, while an oversized van may lead to wasted space and unnecessary costs. Let's find the perfect fit for your needs!

Tips for Choosing the Right Size

- **Inventory Your Belongings:** Take stock of what you need to move. Categorise items into boxes, furniture, and appliances.
- **Measure Larger Items:** Measure bulky furniture (sofas, wardrobes, etc.) to ensure they fit comfortably in the van.
- **Consider Additional Space:** Think about packing materials (bubble wrap, blankets) and how much space they will occupy.
- **Plan for the Unexpected:** It's better to have a bit of extra space than to find out you're short on room on moving day.

Moving Tips for a Smooth Experience

Pack Efficiently

- **Label Your Boxes:** Helps in easy unpacking.
- **Pack Efficiently:** Use soft items like towels to cushion fragile items.
- **Stay Organised:** Keep essential items separate for easy access during the move.
